EC Declaration of Conformity

According to Low Voltage Directive 2006/95/EC and to Pressure Equipment Directive 97/23/EC

- We herewith declare that the following products :

Condensing Units THB, THG, AEZ, AE/CAE, AJ/CAJ/TAJ, AH/TAH, FH/FHD/TFH/TFHD, AG/TAG/TAGD, HGA, VSA, SH, Silensys®, Wintsys® by Tecumseh, are in accordance with Low Voltage Directive 2006/95/EC and are set to be installed in the machines within the meaning of Directive 97/23/EC.

- Applied harmonised standards :

EN 60335-1 (CEI 60335-1) Safety of household and similar electrical appliances - General descriptions

EN 60335-2-34 (CEI 60335-2-34) Safety of household and similar electrical appliances - Particular requirements for Moto-Compressors

- To incorporate our products in a machine, the Manufacturer's Declaration of Incorporation has to be observed. These condensing units should not be considered as an assembly as defined in Article 1, paragraph 2.1.5. of the Pressure Equipment Directive. In light of the foregoing, the condensing units are assessed, designed, manufactured and documented as a sub-assembly consistent with the recommendations of the Pressure Equipment Directive and can be incorporated into an assembly. They can be considered as classified Class I, module A.
- The pipes work fitted to the condensing units are in conformity with the Pressure Equipments Directive 97/23/EC, of May 29th 1997, clause 3, § 3.
- In addition, the different classifications of the components constituting the condensing units are summarized in the table on next page :

Etablissements

Barentin : int. +33 (0) 2 32 94 46 00
Cessieu : int. +33 (0) 4 74 33 25 00
La Mure : int. +33 (0) 4 76 30 35 00

TECUMSEH EUROPE - SMEN

Direction des Ventes - Moteurs électriques
Sales Office - Electrical motor
B.P. 45 - Route du Havre - 76360 BARENTIN • France

COMPONENTS	CLASSES	CATEGORIES
Compressor families THB, AEZ, AE, AJ, FH, RG, VS	Container	Category Class 1
Compressor families AG	Container	Cat. Class 1 (R134a) , Cat. Class 2 (R404A, R407C)
Valves	Pressurized accessory	Comes under § 3.3
Condensers	Piping	Comes under § 3.3
Liquid receivers, oil separators < 1,5 liters	Container	Comes under § 3.3
Liquid receivers, oil separators >1,5 & up to 6 liters	Container	Category Class 1
Liquid receivers > 6 liters	Container	Category Class 2
Dehydrator	Container	Comes under § 3.3
Connection kit	Piping	Comes under § 3.3
Sight glass	Pressurized accessory	Comes under § 3.3
HBP or LBP mini pressure switches	Safety device	Category Class IV
HBP or LBP pressure switches	Safety device	Category Class IV
